Medical Leadership Council on Cultural  
Proficiency

November 28, 2007

# Future MLC Activities

---

- **Objective:** To discuss ideas for potential future activities by Medical Leadership Council member organizations.

# MLC Agenda Development

---

- Your feedback helps us:
  - identify issues
  - locate speakers
  - address issues of importance to MLC members
- We want Council members to take more ownership of content.
  - We want to ensure that the meetings are action-oriented and meet your needs.
- Before planning each meeting, we issue a call for presentation requests from members.
  - Often get limited input.

# MLC Agenda Development *cont.*

---

- What would you like to see for 2008 and 2009 meetings?
- What:
  - Issues are your members facing?
  - Would you like to know more about?
  - Provocative questions can this body address?
  - Do you find engaging and valuable?
  - Has worked well from past meetings that you would like to repeat or continue?

# MLC Agenda Development *cont.*

---

- Consider different agenda items.
- This could include:
  - Site visits (what would you like to see first hand?)
  - Small group breakouts
  - Other ideas?

# Exercise

---

- What would the agenda for our first 2008 meeting look like?
  - Take 15 minutes to talk with your table about ideas for the agenda. You have:
    - Approximately 2 hours for the morning session(s)
    - Approximately 2.5 hours for the afternoon session(s)
  - Then we'll spend the rest of the session discussing what each table proposes.

# Follow-Up

---

- Please continue the conversation!
  - Email us with any other ideas:
    - [shogeland@familydocs.org](mailto:shogeland@familydocs.org)
    - [snewman@familydocs.org](mailto:snewman@familydocs.org)
  - Or call:
    - 415/345-8667
